Documentation:

Elaborate documentation is provided on shipment follow-ups & all the commercial transactions we are indulged in.

Quality:

Being a quality driven company, we lay massive emphasis on the quality of our garments. Our garments are noted for their quality workmanship. We ensure that the fabric is of the finest quality. A lot of emphasis is laid on the designs, color and strength of garments. Styles are as important as quality is significant. All our products are subject to in-house scrutiny for multiple times. The scrutiny begins from the receiving of raw materials. The raw materials procured from outside are checked thoroughly by the experts to determine the parity between their quality standards and ours.

Once cleared, the raw materials are adopted for manufacturing. The manufacturing process is a very closely watched one. The process is divided into several halves for the purpose of better monitoring.

The products matching the quality criteria in a given stage of development graduate to the succeeding stage. Thus we ensure minimization in possibility of lapses in quality surveillance process.

Our fabrics are made to high quality standards with proper dimensional stability, color fastness, shrinkage control and uniform dyeing. Each product is subjected to strict quality control measures to ensure that only the best in terms of quality and design reaches the market.

Infrastructure:

The latest machinery and well trained manpower ensure that our customers get true value for their money. The transparent and professional management system and well delegated power structure enables swift decision making at all levels.

Our teams of professionals are highly motivated to carry out its job in perfect manner that leads to overall progress of the company.

Our logistics are as systematic and well planned as our other units. We have state of the art facilities in our packaging section. At the dock, our experienced technical experts help in clearing the goods quickly and efficiently. Our customs expert guides us through the complexity of customs department in the country.
